

All our dishes are prepared in our professionally equipped & meticulously inspected kitchens. The preparations are made in compliance with the most up to date rulings regarding safe handling methods. The fresh meats used in our dishes come directly from our on premise butcher shop.

We use free range poultry, Black Angus & prime beef as well as the highest quality pork available. Sausages, smoked meats & cold cuts are our own.

Everything is hand crafted using old world and time honored family recipes. Locally grown produce is used when in season.

Thank you for expressing an interest in our products and services.

Custom menus & special requests are welcome!
