[quakercreekstore@gmail.com](mailto:quakercreekstore@gmail.com)

All of our dishes are prepared in our professionally equipped and meticulously inspected kitchens.

The preparations are made in compliance with the most up-to-date rulings regarding safe handling methods.

The fresh meats used in our dishes come directly from our on-premise butcher shop.

We use free range poultry, Black Angus & prime beef as well as the highest quality pork available. Sausages, smoked meats & cold cuts are our own.

Everything is hand crafted using old world and time-honored family recipes. Locally grown produce is used when in season.

Thank you for expressing an interest in our products and services.

Custom menus and special requests are welcome!
